## VERIDIAN CREDIT UNION PARTNERS WITH THE REDSTONE CONSULTING GROUP FOR CYBER EXAM PREPARATION

**Huntsville, AL (February 7, 2019)** – [Redstone Consulting Group](http://www.redstoneconsultinggroup.org), the leading provider of cyber exam preparation solutions for credit unions, is excited to announce [Veridian Credit Union](http://www.veridiancu.org) (Waterloo, IA) is the latest credit union to use the [ACET Collaboration Portal](http://www.acetportal.com) to prepare for their upcoming NCUA Cyber Examination.

“We are excited to be using the ACET Portal for exam preparation,” stated Jim Savage, Manager of Information Security at Veridian Credit Union. “Preparation over time is our key to achieving the best results on the exam. The ACET Portal allows our team to consolidate documentation, work together online, and track our progress daily. I’m personally excited to have the portal take over many of the routine tasks I’ve had to do by hand up until now.”

Veridian Credit Union (\$4 Billion in assets) now employs the next generation platform devoted to making team preparations for cyber exams both simpler and more thorough. A cloud repository powered by [Virtual Strongbox®](http://www.virtualstrongbox.com) stores documents securely, while flexible workflow ensures that responses are vetted by the right experts within Veridian. Integrated progress tracking helps the Veridian team stay on schedule without relying on manual processes to monitor and assemble status reporting.

“In 2019, credit unions need to prepare for continuous monitoring,” said Steve Powers, CEO, Redstone Consulting Group. “Over the next few years, the NCUA will broaden the reach of the ACET examination and look to quarterly snapshots of key data. Exam preparation will evolve from an annual event into a continuous process integrated into the daily work routine. Sensible use of technology now will help credit unions today and as the examination approach evolves. We are thrilled to welcome Veridian Credit Union to the ACET Collaboration Portal user community.”
